Organizing any complexity of tours to Issyk-Kul, Son-Kul, around Kyrgyzstan and Central Asia. We guarantee you high quality of service and individual approach!:

If you dreamed of a true European education, then the European Business School is what you need! Founded in 1973, EU Business School has 4 campuses in 3 different countries: Barcelona (Spain), Munich (Germany), Montreux (Switzerland), Geneva (Switzerland).

Program:

EU Business School is a private prestigious business school that offers only relevant popular specialties in the field of business. They use a practical approach in teaching, so that 90% of students are employed within 6 months after graduation. The university offers more than 10 bachelor programs and about 15 graduate programs. Also for those who do not have enough knowledge of English, the university offers the Foundation program. It should be noted that undergraduate and graduate programs are offered both on campus and online, which is very convenient and beneficial, especially for graduate students.

Remarkably, the university organizes an annual Vacancies Fair, in which employers from large partner companies of the business school participate.

The main advantages of the university:

Possibility to transfer between campuses. You can start in Munich, continue in Geneva and graduate in Switzerland, because the programs are identical on all campuses

State-accredited programs in cooperation with the universities of Roehampton, Derby (United Kingdom), Catholic University of Murcia in Spain

International Accreditation ACBSP, AICBE, CEEMAN (IQA)

Small classes, which means more interaction and attention from the professor

All programs are taught completely in English, which will allow you to maintain English at a high level and at the same time learn the spoken language of the host country

The most relevant and sought-after business specialties that are updated every year to meet the needs of the labor market

Students from more than 100 countries that will provide you with a cultural exchange, exchange of ideas and help you find future business partners from around the world

Several start dates - October, January and March

Possibility to take an internal university test instead of TOEFL / IELTS
